

The main aim of the congress is to provide a space to propitiate the dissemination of the research activities developed by faculty and students involved in Informatics Engineering and Information Systems. The 2014 CoNaIISI edition will be held at Universidad Nacional de San Luis, San Luis, Argentina on **November 13 – 14, 2014**.

CoNaIISI invites submissions of original scientific papers covering innovative ideas, solutions that tackle actual problems, empirical works, and case studies in the context of the conference topics of interest.

### Important Dates
